Star Prairie Fish and Game**

DATE: March 26th, 2021

CONTACTS: Dan Cain (715) 554-2052 or Chris Clarkson (715) 781-9238

SUBJECT: "Habitat Handout Day" for St. Croix and Polk counties scheduled for Saturday April 24th, 2021. 12:00pm @ Riverwood Nature Center, Star Prairie WI 54026, 217 W 1st Street.

Star Prairie, Wis. -- Property owners interested in making their land wildlife friendly are invited to attend the annual "Habitat Handout Day" and receive free wildlife friendly shrubs and seed, such as corn and soybeans, for wildlife food plots.

The distribution will begin at 12:00 p.m., Saturday, April 24th 2021, at the Riverwood Nature Center, 217 W 1st Street, Star Prairie WI.

Plants and seed will be distributed on a first-come, first-served basis until gone. Interested landowners are asked to bring their own buckets for the seedling plants and seed.

Each landowner will be limited to seed for one or two acres (about 25 pounds) and up to 50 wildlife shrubs and trees. Recipients will be asked to sign an agreement that the materials will be used for wildlife habitat and not for residential or commercial purposes.

Private land owners are key partners with conservation groups in the effort to conserve and enhance wildlife populations. Local conservation groups recognize the importance of those partnerships.

The wildlife shrubs, and the wildlife food plot seed were donated by the Indianhead Chapter of Pheasants Forever and Star Prairie Fish and Game.
