

Star Prairie Fish and Game Grant Application Update 2026

Grant Mission

The mission of the Star Prairie Fish and Game Grant Program is to assist local non-profit programs, projects and organizations in providing outdoor recreational opportunities and the protection, creation and enhancement of environmentally important land and water habitat.

Grant Eligibility

Each grant application will be reviewed and considered on its own individual merits. The funds available and the number of grant applications received may impact the amount of the award. Unfunded grant requests may be resubmitted on an annual basis.

Recipients are selected by Star Prairie Fish and Game Outreach committee members (under \$1000) and grants will be awarded based on how closely the request matches the stated mission of the SPF&G Grant program.

Grant requests received from SPF&G members will be considered using the same criteria as non-members.

Grant Requirements

- *A completed and signed application form*
- *Funds benefits person(s) in Polk and St. Croix Counties*

Name of Organization or individual

Address
